

Scope plane

What they say they need

- A website, an online presence for the film database and increase brand awareness
- Clients and potential clients can watch videos and pictures of films provided as they become available.
- To make public the availability of the team to provide further movie recommendations
- To showcase on their website photos of the films, video clips and audio clips
- To get positive/relevant feedback from viewers

What they actually need

- A mobile-first responsive website
- A page with a video player demonstrating services
- A 'Contact us' page
- A gallery page to showcase the films featured

What they don't know they need

- A page with the possibility to view film clips
